

# **ROBOTS**

## **Year 6**

**Apostolos  
Varnavas  
Primary  
school  
2022-2023**

Are you fed up of  
being made fun of?  
Well, my friend  
Graham has the  
solution!

When you're being teased by your  
friends, he's got you covered! He'll  
use a meme to protect you from  
the insult!

Come buy this  
**MEME-BOT!**

The meme-bot is  
based off a paraneet,  
he might look like  
fluffy paradise but  
he's made out of  
solid metal! He's a  
great companion to  
have.

He's on 50%  
offer! He's €150  
only! You can  
pre-order it on  
our website!  
(@MEMEBOT PLZ)

It's released on  
the 5th of  
preorder now!

# Spot

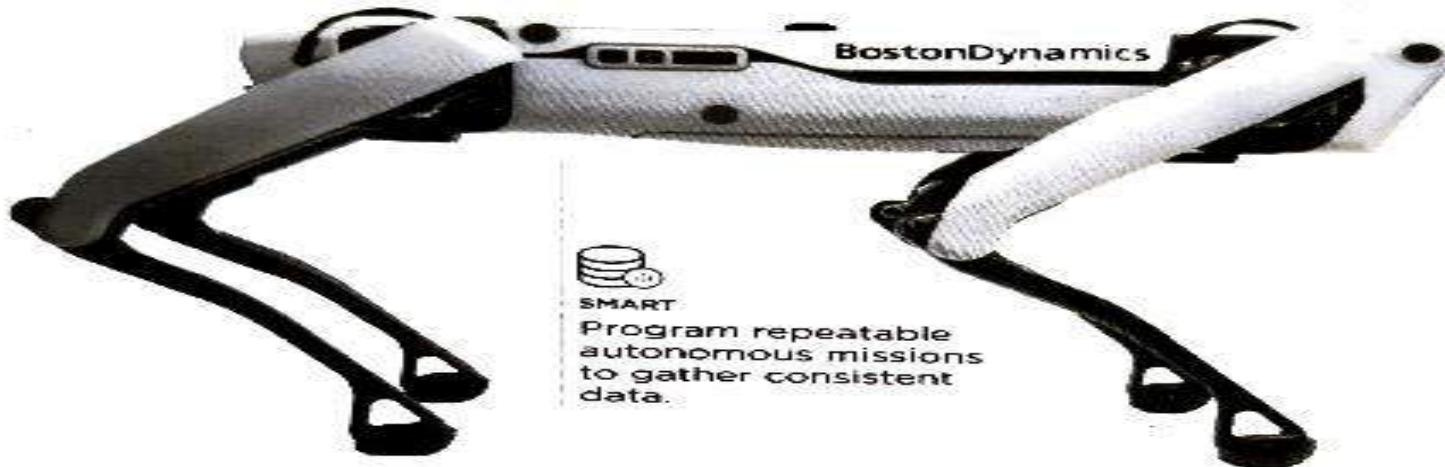

## STRONG

Carry and power up to 14kg of inspection equipment.

## EASY TO CONTROL

Control the robot from afar using an intuitive tablet application and built-in stereo cameras.

## SMART

Program repeatable autonomous missions to gather consistent data.

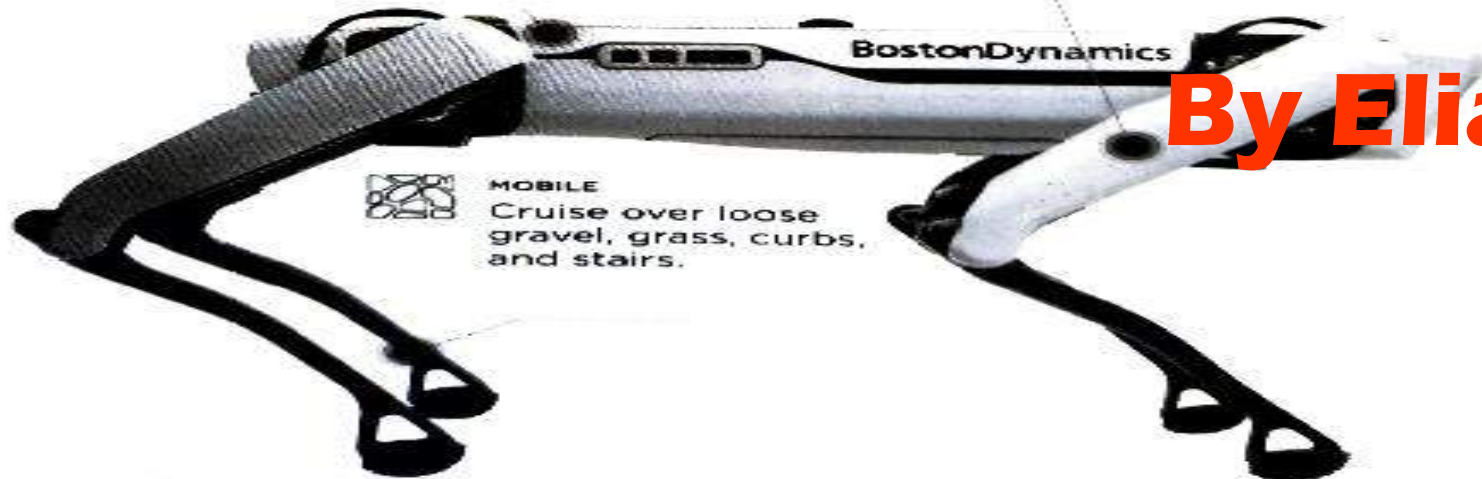

## 360° PERCEPTION

Use 360° perception to map terrain and avoid obstacles as they appear.

## BALANCE DYNAMICALLY

Balance dynamically in uncertain surroundings with payloads of up to 14kg.

## MOBILE

Cruise over loose gravel, grass, curbs, and stairs.

**By Elia**

Spot is not a house pet or a toy for entertainment, it's a four-legged robot that can walk up to three miles per hour, climb terrain, avoid obstacles, see 360-degrees and perform a number of programmed tasks. Now, Spot is available to purchase from Boston Dynamics

**BUY SPOT THE ROBOT NOW!**

**ONLY FOR \$74,500.**

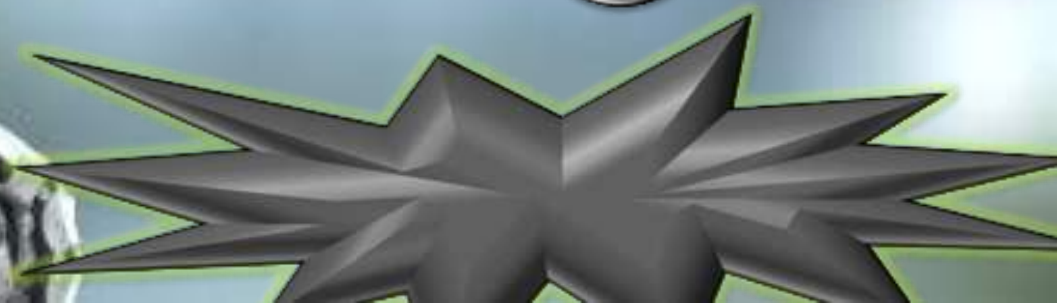

**By Elia**

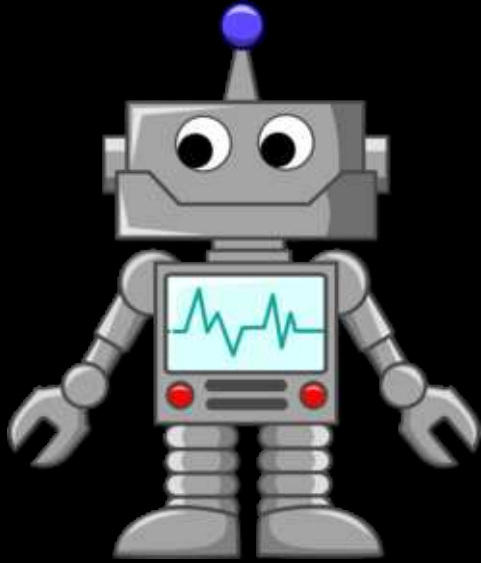

My robot is an inventor. It can transform old or broken objects into new ones. My robot is white and it has blue eyes and some parts of its body are blue. He has wheels to move around and has one grabbing hand and another one that shoots fire so it can melt things down. The cool part about it is that it can make other robots that can do other things.

BUY IT, ITS ONLY 1BILLION EUROS!

!

# FACTS ABOUT MY ROBOT

- My robot's name is Liam. Liam thinks like a human so he can do anything his creator ask's him to do, like go to the supermarket and get groceries. Liam has emotions and when you make him happy, he makes money and prints it in the nearest printer in his owner's house.
  - Liam (costs only \$999.99)
  - Call 97894656 for further options (sir Panikos)

- My super robot
- This is my super robot. It looks like a human. It
- can help me with my homework and make me
- things that I want. It can play with me whatever I
- want and do works in the house like dry the
- clothes, put the dishes at their place and cook
- food that I like and want. In fact, it can do
- everything you want, you just have to tell it what
- you want and it will do it!
